

Arnold Irrigation District (AID)
Patron Communication
June 29th, 2026

Dear Patrons,

Arnold Irrigation District will be shutting off Thursday, July 2nd at 5am. Flows will begin to drop, and people may still see water at their headgate throughout the day until the system is drained and this could take til late in the afternoon. The district will continue to monitor natural flows in the Deschutes river to determine if we can restart September 15th for the remainder of the season.

If anyone has any questions, please contact the office at 541.382.7664

Sincerely,

Arnold Irrigation Management
